WORK EXPERIENCE

Web Developer – Topia Life Sciences
Vadodara, Gujarat | December 2024 – June 2025

- Designed and developed the official company website (www.smag-ai.com) using Angular, HTML5, CSS3, and Bootstrap.
- Collaborated with cross-functional teams to build landing pages and interactive UI components.
- Spearheaded frontend implementation for internal project management software.
- Optimized performance, reducing load time by 30% via code refactoring and lazy loading.
- Ensured compliance with healthcare data protection standards.

Frontend Developer Trainee – Welspun Transformation Ltd
Ahmedabad, Gujarat | March 2024 – August 2024

- Led frontend development of an Expense Management System using Angular, TypeScript, and RESTful APIs.
- Created modular components, increasing reusability and reducing redundancy.
- Worked in Agile sprints, using Azure DevOps for task tracking and code reviews.
- Contributed to multiple portals including Sample Management and Compliance Management.
- Gained experience in CI/CD pipelines and Git version control.

Web Developer (Freelance) – PRASANSA Foundation
Remote (Delhi) | January 2022 – February 2024

- Designed and maintained a responsive NGO website, showcasing ongoing projects.
- Managed and updated dynamic content aligned with project timelines.
- Created banners using Photoshop and Illustrator.
- Built donation pages and integrated third-party platforms.

EARLIER CAREER

- **Business Development Manager** – WeddingZ.in
- **Employee Relations Executive** – Rangam Consultancy
- **Tele sales Executive** – Effective Teleservice

In Earlier Experiences I learnt, good communication, client management, and CRM handling skills.

PERSONAL PROJECTS

Shopify Store Creator – SanBWB Apparel Brand
www.sanbwb.store | May 2025 – Present

- Launched a niche T-shirt and sweatshirt brand with anime-themed designs.

- Set up the Shopify store, customized themes using Liquid, HTML5, and CSS3.

- Integrated marketing tools, coupon codes, SEO apps, and responsive layouts.

- Designed product visuals and managed end-to-end branding and user experience.

EDUCATION

- **Manipal University Jaipur -** Bachelors in Computer Application (BCA) — Pursuing.
- **Frameboxx -** Diploma in Frontend Development — Grade A (Excellent)
- **Jindal School of Hotel Management -** Hotel Management — Pass (91.8 CGPA)

CAREER OBJECTIVE

I bring a unique blend of self-driven learning, real-world project execution, and a constant curiosity for emerging technologies. My goal is to contribute to teams that value clean code, thoughtful design, and collaborative problem-solving. With hands-on experience in frontend frameworks like Angular and backend development using Python and Django, I'm ready to take on challenges that drive innovation and create user-centric digital solutions.
